

**Tribal Tax Tracking Software System**

**Improve Tax Revenue Tracking.** Inherent to tribal sovereignty is the right to initiate and collect tax revenue. However, tracking tax payers, enforcing tax codes, and capturing revenue required taxes on general ledger accounts can be extremely time consuming, if not properly automated. *Finally, there is a solution!*

**TribeVue-Tax**, an innovative software application by Tribal D, enables tribal tax departments to more efficiently manage all aspects of tax revenue in one automated system.

**Features include:**

- Tax Payer Master List
- Tax Types and Forms
- Check Logs
- Tax Revenue
- Audits
- Penalties
- Payments
- Reporting
- Customization

- > **TribeVue** software runs on tribal servers or can be hosted by Tribal D, Inc.
- > **TribeVue-Tax** is an application within our TribeVue 'Optimize Revenue' software bundle, which includes other modules for Grants, Contractor Agreements, and Program Control.

**Tribal D, Inc.** is an organization dedicated to serving American Indians, Indian Tribes and Alaskan Natives. We help tribes to maximize economic opportunities and self-determination objectives through increased performance management and decision-making support. Through a unique suite of software applications called TribeVue®, we have created a single-source platform for Tribal Resource Planning (TRP) and Management.

TribeVue complies with the latest standards in information assurance and data protection protocols.
