

## Tribal WIOA Productivity System

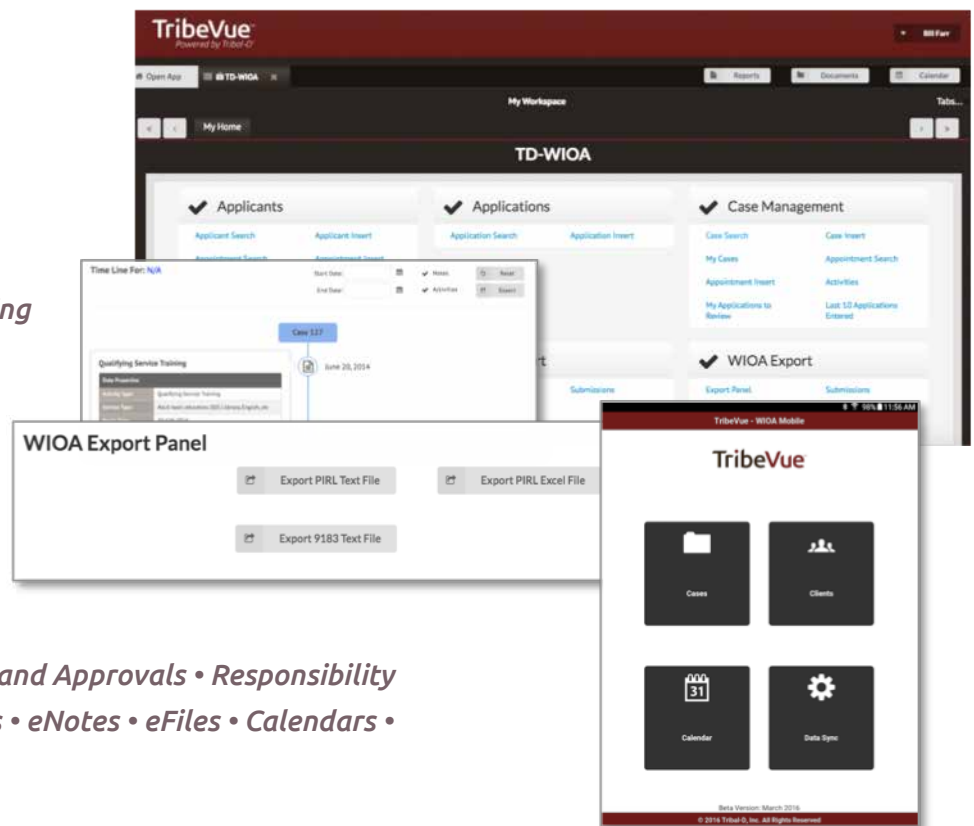

**Improve Delivery of Native American Workforce Development.** Tribal workforce investment and development is a critical component of 'lifting' Native American communities out of poverty and into better standards of living. Addressing needs regarding employment and skills in Indian Country is quite different than typical state or federal workforce investment. For this reason, we've developed TribeVue-WIOA™ — a turnkey software application specifically suited for management of tribal workforce investment activities. This powerful software solution comes ready with federal reporting compliance capabilities and several productivity tools for tribal departments and consortiums.

### Features include:

- Bear Tracks-TribeVue Data Converter
- Remote, Web-based Access
